People behind the mission

The company is currently managed by One MD and Two Directors.

Mr. AN Shukla

He has completed Master of Commerce from the University of Allahabad.

He was in MP State Excise Department for 26 years and after taking VRS, he is currently the Managing Director of Arriance Infra Pvt Ltd. He has vast experience in bureaucracy sector and is holding the knowledge of several other sectors. In his leadership and financial acumen, Arriance Infra is raising like never before.

Mr. Alok K Shukla

He has completed his MBA from IILM-Gurgaon. He is the founder of Arriance Infra Pvt Ltd. After completing his education, he built this organization from scratch. He possesses some very good managerial skill which has help Arriance reaching this status. It's his leadership that made Arriance Infra complete more than 400MW wind projects successfully with big wind players like Gamesa, Suzlon, Inox, and Regen Powertech. AIPL also successfully completed solar piling project at one of the largest solar parks in Asia at Charanka village near Radhanpur district, Gujrat for Lanco Infratech Ltd and Indu Projects Ltd.

Mr. Arun Shukla

He has completed his Bachelor in Technology from Indian Institute of Technology Banaras Hindu University, Varanasi (IIT-BHU, Varanasi) in Mechanical Engineering. He got selected in NTPC Ltd as Executive Trainee, during campus selection. He was then posted at NTPC-Mouda near Nagpur, Maharashtra as Erection Engineer and looked after construction activities of different areas of thermal power. After 3 years of service in NTPC, he resigned from NTPC and Joined as Director of Arriance Infra Pvt Ltd.

Under his leadership, Arriance Infra is achieving new milestones. Arriance Infra as wind farm developer has completed 108MW project at Fatanpur MP Dewas Project for Gamesa from scratch up to commissioning in just 8 months. Arriance has also successfully completed Chandgarh Dewas MP 150 MW Project.
